CATERPILLAR TIME!!!

Each classroom will receive 3 to 4 live caterpillars. The children will get to watch them go through the stages of life and once they are a Butterfly, we will release them! While this is happening, please be mindful of the butterfly cages and look only with you and your child's eyes. The caterpillars are extremely sensitive and will not change if bumped and moved around. Thank you!

Warmer Weather

The weather is starting to get warmer outside. Please be mindful and dress your child appropriately to the weather. Please check their cubby and swap any winter clothes for spring clothes.

We NEED Your Help

Please be sure to help your child follow these best practices in ensuring to keep spreading germs around:

1. Avoid close contact with others who are sick;
2. Cover nose and mouth with a tissue when coughing or sneezing;
3. Wash your hands often with soap and water. If soap and water are not available, use hand sanitizer;
4. Avoid touching eyes, nose, and mouth as germs are spread this way;
5. Clean and disinfect surfaces and objects that may be contaminated with germs; and
6. Avoid sharing food and drinks with others.

Please remember, students with a fever should stay home from school until they are fever-free without medication for 24 hours.

Thank you for your understanding and cooperation in helping us!

Toddler Themes

March 2-6: Dr. Seuss; Letter Hh

March 9-13: St. Patrick's Day/Spring; Letter li

March 16-20: Rain; No letter

March 23-27: Weather; Letter Xx, Yy
